Resilience

Collaboration & Teamwork

## Profile

I am an Ambivert. I strive to do what I call my best in everything I do. I have good working experience as I did not continue my studies after my N levels. In every job that I have held, I have never let my employer nor my teammates and colleagues down. Its all due to my progressive nature, willingness to learn and be a team player kind of character that I always cultivate in all aspects of my work.

## Employment History
